

Praise for *Spiritual Light*

“A fascinating account of what is possible for humans as multi-dimensional beings. Since consciousness is a field of all possibilities, new worlds open up to us as we shift into different frequency domains of our own awareness.”

—DEEPAK CHOPRA, renowned author and speaker.

“*Spiritual Light* is an encyclopedia of wisdom which should be understood by all humanity. It presents the essence of world religions and sacred lifeways and offers it in a unified text of universal teachings which is properly called “spiritual” rather than “religious.” It is a guidebook to happiness, holiness and healing the material world by receiving the light of God, as transmitted to us by the Universal Spiritual Brother&Sisterhood.”

—JOHN WHITE, author of *What Is Enlightenment?* and editor of *Psychic Exploration: A Challenge for Science* by astronaut Edgar Mitchell.

“*Spiritual Light* is an incredible read... I cannot recall another book in recent times which pays this much attention to the detail, and still manages to keep you wanting more. This is the book Spiritualism has been waiting for – comprehensive, concise and well written – The Spiritualist Bible for the twenty-first Century.”

—MATTHEW HUTTON, Assistant Editor, *Psychic World*.

“Anyone who is familiar with the higher levels of mediumship will immediately recognize that this work is coming from the highest vibration. Breathtaking in its scope it answers all the questions in ways that are simple yet profound. As you read it you will find a resonance with all of the great spiritual teachers and yet a feeling of discovering further revelations. An amazing achievement.”

—VICTOR AND WENDY ZAMMIT, co-authors of *A Lawyer Presents the Evidence for the Afterlife* and *The Friday Afterlife Report*.

“This inspired collection of spiritual teachings offers a depth of wisdom more necessary than ever in our current age of materialism.”

—SUSAN FARROW, Editor, *Psychic News*.

“The seekers of *truths*, especially those dealing with the meaning of life and the survival of consciousness after death, who dare venture outside the boundaries of orthodox religion and mainstream science, can find many answers, but those answers often lead to more questions. Having read hundreds of books dealing with spiritual, metaphysical, and paranormal matters, I can, without hesitation, say that this book has many more meaningful answers than any other book I have read. Second place doesn’t even come close.”

—MICHAEL TYMN, author of *The Afterlife Revealed*, *The Articulate Dead*, etc.

“This book...is promoting ways for each of us to grow spiritually,... whether you practice any religion, or not, the only thing that matters is that you are able to discover the Truth. To discover the Truth, you will have to search for it, and this book is an excellent place to begin your search.”

—PAUL HAUSER, reviewer for *The Journal for Spiritual and Consciousness Studies*.

“*Spiritual Light* is a collection of spiritual teachings from highly advanced souls who have been entrusted with the spiritual development of our planet for ages. Those teachings are in remarkable agreement with the spiritual knowledge entering into this world through near-death experiences (NDEs). The influence of these souls on bringing spiritual unity into this world cannot be overstated. I highly recommend *Spiritual Light*.”

—KEVIN WILLIAMS, author of *Nothing Better than Death*, webmaster of *Near-Death Experiences and the Afterlife*.
